7th April 2020

Dear Parents/Carers

We understand it is difficult to anticipate what next term holds for us. I am writing to support your decision to involve your child in learning on site or from home. In the current environment you have made the best decision for your family.

As we cannot guarantee the numbers involved in "at school learning" next term we have created a timetable where 7 - 12 teachers can connect with their class at school through Microsoft teams. This schedule ensures an opportunity to ask questions and participate in whole class discussions where appropriate. For students on site and at home we will offer a consistent learning program.

If your child is learning **on site**:

This program has been developed with public health advice in mind. This includes, for example, social distancing requirements, minimising student movement and not undertaking practical activities such as cooking.

We value working closely with you. However, as family members should not enter school grounds (including for drop off and pick up before and after school), should you wish to speak with us, please contact us by phone or email. We thank you for your understanding with this.

If your circumstances or emergency contact details change please contact us as soon as possible via phone on 8757 2120.

If your child is learning **at home**:

The Department for Education has also produced resources to support continued learning between school and home called Our Learning SA. The site provides learning materials and activities across all learning areas in the Early Years Framework and the Australian Curriculum. There are materials that are appropriate for families as well as resources that are more targeted towards teachers. These can be accessed at: www.education.sa.gov.au/our-learning-sa

Our Foundation - 6 teachers have already emailed their program information to you. Please find attached an outline of our year 7 - 12 online conferencing schedule where our online and on site students can learn together.

If you have any further questions please contact the front office on 8757 2120.

Regards

Mike Sadleir
Principal
