

TINTINARA AREA SCHOOL AND PRESCHOOL
Site Improvement Plan 2019-2021

Increase student achievement in mathematics, particularly in the number strand, F-10

We will teach place value and multiplicative thinking using a common evidence based approach with consistency, then we will see an increase in student achievement in the number strand.

Increase student achievement in writing, particularly in F-10

We will adopt a common approach to teaching of vocabulary, language features and text structures then we will increase student achievement in writing.

Increase student achievement in reading, years F-2

If we improve our teaching of phonics and oral language, then we will increase student achievement in reading F-10.
